Career Objective

Detail-oriented Computer Science and Engineering student specializing in Full Stack Web Development, UI/UX Design, and foundational Cybersecurity. Proven ability to build responsive web applications and implement secure coding workflows through hands-on internship experience. Adept at leveraging analytical problem-solving skills to engineer scalable, user-centric software solutions.

Education

Bachelor of Engineering in Computer Science and Engineering	2023–2027
P.S.R Engineering College, Sivakasi, Tamil Nadu	CGPA: 8.0/10
Higher Secondary Certificate (HSC)	2023
Southside Matric Higher Secondary School, Tamil Nadu	SSLC & HSC

Skills

Technical Skills

- Programming Languages: HTML, CSS, JavaScript
- Web Development: Full Stack Development, Responsive Web Design, Frontend Development
- Cybersecurity: Security Principles, Risk Assessment, Incident Response Awareness
- Tools: Git, GitHub, VS Code

Soft Skills

- Problem Solving, Analytical Thinking
- Communication, Team Collaboration
- Time Management, Adaptability
- Attention to Detail, Critical Thinking

Internship Experience

Full Stack Development & UI/UX Design Intern — Aathesh Soft Infotech Pvt Ltd	Nov 2025–Dec 2025
• Engineered responsive, cross-browser compatible frontend web interfaces. • Applied modern UI/UX design principles in software development workflows. • Utilized Git and GitHub for version control and deployment management. • Collaborated with senior developers to deliver production-ready web components.	

Projects

Vendor Ledger Management System Frontend	Nov 2025
• Architected a responsive frontend interface for a financial vendor ledger using HTML5, CSS3, and JavaScript. • Optimized data tracking visualization screens and navigation layouts. • Implemented reusable code patterns for scalability and maintenance.	
Security Operations Checklist	Dec 2025
• Created a cybersecurity checklist focused on organizational security awareness. • Included risk assessment, incident response preparation, and compliance guidelines. • Improved understanding of security operations workflow and risk mitigation strategies.	

Certifications

• Full Stack Development Certification – Novitech	Nov 2025
• Cybersecurity Training Certification – YM Cybersecurity Training	Dec 2025
• Introduction to Internet of Things (IoT) – NPTEL	Aug 2025
• Cloud Computing Fundamentals – NPTEL	Aug 2025

Achievements

• Completed Full Stack Development internship with distinction – Aathesh Soft Infotech Pvt Ltd	Dec 2025
• Successfully built and deployed Vendor Ledger Management System Frontend	Nov 2025
• Developed Security Operations Checklist adopted for cybersecurity awareness training	Oct 2025
• Active participant in technical seminars and knowledge sharing sessions	Oct 2025
